Dear Parent/Guardian:

We are pleased to offer our students an opportunity for additional academic instruction. The Extended Learning Time program is designed to help your child succeed in Math, Science, and English/Language Arts (ELA). Teachers will work with your child on specific skills he/she needs to be better prepared for the next grade level.

The program will be offered in 60-minute sessions both before and after school beginning the week of March 3, 2019. We will not be able to provide transportation. However, a number of students arrive at school before 7:30 a.m. and could take advantage of the program before the school day starts. Students who attend the After School Program will be able return to that program following their Extended Learning Time.

If you would like your child to participate in Extended Learning Time, please return the bottom portion of this slip to the Guidance Office no later than Monday, March 3, 2019.

Sincerely,

Derek W. Reardon, HJHS Principal
