Board Meetings

"A school board is a public corporate body" and as such, it can act only by majority of the whole number of the Board (e.g. ed law 1701).

Board meetings are the Board's meeting in public. They are held at least once or twice a month.

The Agenda is prepared by the Superintendent and Board President.

Robert's Rules of Order provides common rules and procedures for deliberation and debate in order to place the whole Board on the same level. It provides for constructive and democratic meetings to help the Board "work through" the issues.

Public comment is held during each Board meeting, allowing the public to comment on an issue. (If the Board needs to answer a question from the public, it will do so once factual information is obtained.)

Executive sessions are used to discuss personnel matters within the District. These are not open to the public.

As a new Board member elect, you will be invited to attend all Board meetings and functions, excluding executive sessions, until you are sworn in. All public officers including members of the Boards of Education in New York are required to take the oath of office:

"I do solemnly swear (or affirm) that I will support the constitution of the United States, and the constitution of the State of New York, and that I will faithfully discharge the duties of the office of school board, according to the best of my ability."
