INDEPENDENT AUDITOR'S REPORT

To the Board of Education of the
Hudson City School District:

We have audited the accompanying financial statements of the governmental activities, each major fund, and the fiduciary funds of the Hudson City School District as of and for the year ended June 30, 2016, and the related notes to the financial statements, which collectively comprise the Hudson City School District's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the fiduciary fund information of the Hudson City School District, as of June 30, 2016, and the respective changes in financial position thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

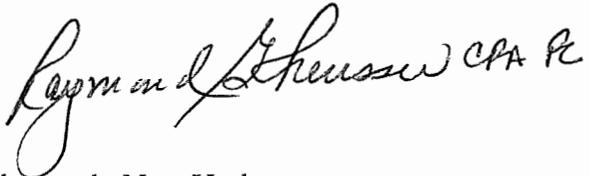

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, budgetary comparison information and the schedule of funding progress of other postemployment benefits, the District's proportionate share of the net pension asset/liability, and District contributions on pages M1-M10 and 45-49 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Government Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise the Hudson City School District's basic financial statements as a whole. The other supplementary information is presented for purposes of additional analysis and is not a required part of the financial statements, but is supplementary information required by the New York State Education Department. The other supplementary information has not been subjected to the auditing procedures applied in the audit of the basic financial statements and accordingly, we do not express an opinion or provide any assurance on it.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated January 11, 2017 on our consideration of the Hudson City School District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Hudson City School District's internal control over financial reporting and compliance.

HUDSON CITY SCHOOL DISTRICT
Management's Discussion and Analysis (MD&A)
June 30, 2016

INTRODUCTION

The Hudson City School District offers readers of the District's financial statements this narrative overview and analysis of the financial activities of the District for the fiscal year ended June 30, 2016. Please review it in conjunction with the District's financial statements and the accompanying notes to the financial statements.

FINANCIAL HIGHLIGHTS

- Net position decreased from (\$22,007,230) restated to (\$26,544,402) from last year primarily due to the increase in the OPEB obligation.
- As of the close of this fiscal year, the District's governmental funds reported combined fund balances of \$6,570,820, an increase of \$1,561,037 in comparison with the prior year.

OVERVIEW OF THE FINANCIAL STATEMENTS

This Management's Discussion and Analysis narrative (required supplemental information) is intended to serve as an introduction to the District's basic financial statements. The District's basic financial statements are comprised of three components:

1. Districtwide Financial Statements
2. Fund Financial Statements
3. Notes to the Financial Statements

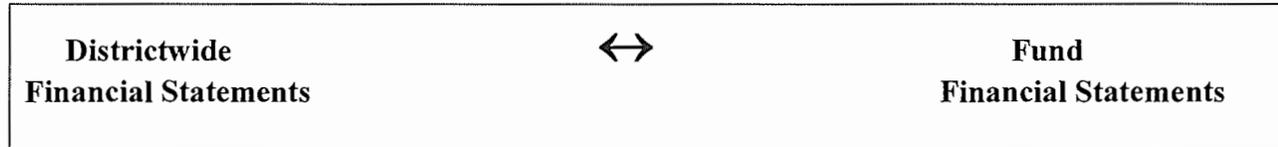

In addition to these statements, this report also includes required supplemental information and other supplemental information.

Our auditor has provided assurance in the independent auditor's report that the Basic Financial Statements are fairly stated. A different degree of assurance is being provided by the auditor regarding the supplemental information identified below. A user of this report should read the independent auditor's report carefully to ascertain the level of assurance being provided for each part in the financial statements.

Capital Project Funds Schedule of Project Expenditures

DISTRICTWIDE FINANCIAL STATEMENTS

The districtwide financial statements are designed to provide readers with a broad overview of the District's finances in a manner similar to a private-sector business.

The statement of net position presents information on all of the District's assets and liabilities, with the difference between the two reported as net position. Over time, increases and decreases in net position may serve as a useful indicator of whether the financial position of the District is improving or deteriorating.

The statement of activities presents information showing how the District's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g. certain federal/state grants earned but not yet received, unused vacation/sick leave, and proceeds from Revenue Anticipation Notes and related interest).

All of the District's services are reported in the district-wide financial statements as *governmental activities*, including general support, instruction, pupil transportation, community services, and school lunch. Property taxes, state/federal aid, and investment earnings finance most of these activities. Additionally, all capital and debt financing activities are reported here.

DISTRICTWIDE FINANCIAL ANALYSIS

Hudson City School District's Net Position June 30, 2016 and 2015

	<u>Governmental Activities</u>		Variance Increase (Decrease)
	<u>2016</u>	<u>Restated 2015</u>

**Districtwide Revenues by Source
For the Year Ended June 30, 2016**

**Districtwide Expenses by Function
For the Year Ended June 30, 2016**

FUND FINANCIAL STATEMENTS

The fund financial statements provide more detailed information about the District's funds, focusing on its most significant or "major" funds.

A fund is a grouping of related accounts, and is used to maintain control over resources that have been segregated for specific activities or objectives. The District, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance related legal requirements. The District establishes other funds to control and manage money for particular purposes (such as repaying its long-term debts) or to show that it is properly using certain revenues (such as federal grants). All of the funds of the District can be divided into two categories; governmental funds, and fiduciary funds.

- **Governmental funds:** All of the District's services are reported in governmental funds. Governmental fund reporting focuses on showing how money flows into and out of funds, and the balances left at year-end that are available for spending. They are reported using the modified accrual method of accounting, which measures cash and all other financial assets that can readily be converted into cash. The governmental fund statements provide a detailed short-term view of the District's operations and the services it provides. Governmental fund information helps the reader determine whether there are more or fewer financial resources available to be spent in the near future to finance the District's programs. Because this information does not encompass the additional long-term focus of the districtwide statements, additional information at the bottom of the governmental funds statements explains the relationship (or differences) between them.
- **Fiduciary funds:** The District is the trustee, or *fiduciary*, for assets that belong to others, such as the scholarship fund and the student activities funds. The District is responsible for ensuring that the assets reported in these funds are used only for their intended purposes and by those to whom the assets belong. The District excludes these activities from the districtwide financial statements because it cannot use these assets to finance its operations.

FUND FINANCIAL ANALYSIS (DISTRICT'S FUNDS)

The District's governmental funds (as presented on the balance sheet) reported a combined Fund Balance of \$6,570,820, which is above last year's total of \$5,009,783. The schedule below indicates the fund balance and the total change in fund balance by fund type as of June 30, 2016 and 2015.

	<u>Fund Balance 2016</u>	<u>Fund Balance 2015</u>	<u>Variance Increase (Decrease)</u>
General	\$ 4,866,992	\$ 4,802,995	\$ 63,997
School Lunch	230,910	153,389	77,521
Federal	4,416	4	4,412
Capital	1,414,828	4,211	1,410,617
Debt Service	53,674	49,184	4,490
Totals	<u>\$ 6,570,820</u>	<u>\$ 5,009,783</u>	<u>\$ 1,561,037</u>

General Fund

The tables that follow assist in illustrating the financial activities and balance of the general fund.

<u>Revenues:</u>	<u>2016</u>	<u>2015</u>	<u>Variance Increase (Decrease)</u>
Taxes and Other Tax Items	\$ 21,766,112	\$ 21,353,923	\$ 412,189

Debt Service	4,746,264	4,928,604	(182,340)
Other	1,583,155	76,197	1,506,958
Totals	<u>\$ 46,121,992</u>	<u>\$ 43,843,726</u>	<u>\$ 2,278,266</u>

GENERAL FUND BUDGET INFORMATION

The District's budget is prepared in accordance with New York State law and is based on the modified accrual basis of accounting, utilizing cash receipts, disbursements, and encumbrances. The most significant budgeted fund is the General Fund.

The difference between the general fund's original budget and the final amended budget was \$1,500,400. This amount represents a voter approved transfer to the Capital Fund for \$1,500,000 and miscellaneous revenue of \$400.

CAPITAL ASSETS

The District's capital assets (net of accumulated depreciation) as of June 30, 2016 are as follows:

<u>Asset Description</u>	<u>Amount</u>
Land	\$ 46,962
Construction in Progress	85,172
Buildings and Improvements	52,963,126
Machinery and Equipment	551,938
Vehicles	<u>53,732</u>
Total	<u>\$53,700,930</u>

The total decrease in the District's capital assets (net of accumulated depreciation) for the current fiscal year was \$1,622,614. The most significant change to the capital assets is attributable to the depreciation expense.

DEBT

The District had debt outstanding including serial bonds and a capital lease in the amounts of \$35,161,470 as of June 30, 2016, a decrease over the previous year of \$4,284,863. The debt outstanding for the year ended June 30, 2016 is summarized as follows:

<u>Debt Description</u>	<u>Outstanding Balance</u>
Bonds	\$ 34,270,000
Capital Lease	<u>891,470</u>
Totals	<u>\$ 35,161,470</u>

The District has refunding bonds outstanding, the proceeds of which are in escrow to fund other previously existing debt. The refunding was done to lower the interest payments that are paid in the future.

Under current state statutes, the District's general obligation bonded debt issues are subject to a legal limitation based on a percentage of the total full value of real property. At June 30, 2016 the District's general obligation debt was less than its total debt limit. The District has a bond rating of A.

FACTORS BEARING ON THE DISTRICT'S FUTURE

At the time these financial statements were prepared and audited, the District was aware of existing circumstances that could significantly affect its financial health in the future. One challenge facing the District is the state's economy and its effect on state aid funding levels. When the state initially dealt with the impacts of the "Great Recession," it experienced a significant loss of revenue and implemented a freeze in foundation aid levels along with a Gap Elimination Adjustment (GEA) which reduced foundation aid amounts due to school districts. Although the state's economy has recovered somewhat, aid due to school districts has yet to be fully restored. Additionally, the Governor appointed the New York State Tax Relief Commission to decide what to do with a \$2 billion surplus the state had developed. Rather than recommend the state increase funding, or restore funding to school districts, the Commission recommended that the state provide incentives and tax relief to taxpayers throughout the state. At this point, the District expects to continue to stagnation or slight increases in state aid.

In June of 2011, the New York State Legislature passed the Property Tax Cap Chapter 97 of the Laws of 2011, which began with the 2012 – 2013 school year budget, and remains in effect unchanged. The legislation provides a calculation for a tax levy limit, which caps the amount of revenues the District can raise through the levy of taxes. In the circumstance of a defeat of an original budget with a tax levy increase calculated in accordance with the legislation and a resubmitted/revised budget defeat, the Board of Education is mandated by this legislation to adopt a budget that levies a tax no greater than that of the prior year; a zero percent tax levy increase. This would prove to be a serious strain on the ability of the District to meet its obligations and has the potential to eliminate all of the District's fund balance. The legislation also poses a serious public relations challenge to the District due to the public perception of the law; it was publicized as a "2% property tax cap". Consequently, many members of the public may interpret this as a law which caps their individual tax bills at 2%, making it the responsibility of the District to combat the misconceptions of the law. Additionally, the 2014-2015 budget year was the first year where school districts were tasked with using less than 2% as part of the tax levy formula. This percentage is applied to a calculated "prior year adjusted tax levy" and is the lesser of the CPI or 2%. This will provide a further strain on districts by decreasing the amounts which can be raised through school taxes.

The District will continue to review existing educational program offerings, and review all services offered to determine if there are operational efficiencies that can be implemented. Areas such as special education and transportation have been focal points in the past in terms of cost cutting, and the District recognizes the burden that is placed in these areas because of some of the unfunded mandates originating from the State level. The District is in the process of updating the long range financial plan to ensure that the District can maintain the funding levels necessary to support the District's mission and operations, and that fund balance management is followed. To this end, the District plans to increase existing reserves and establish new reserves.

After receiving approval by the voters on February 9, 2016, the District completed the sale of the Claverack School building. This has two positive results. First, the proceeds from the sale will be used for tax reduction, and second, the building will return to the tax rolls.

Current challenges include maintaining and upgrading the existing facilities. On February 9, 2016, the voters also approved a multi-year capital project that will address issues raised in the 2015 Building Condition Survey. Moreover, in response to declining enrollment trends, the Vision 2020 Capital Project will further consolidate the Hudson City School District Campus to create long-term programmatic and operational efficiencies. With the retirement of a portion of the District's debt in 2015-16, the timing of the capital project will reduce the financial burden of a capital project to the taxpayers.

In the 2015-16 school year, the New York State Education Department has removed Hudson City School District from the "Focus District" list. This means that the District, and each of its schools, has been given a designation of "Good Standing" from NYSED. While this is an accomplishment to be celebrated, the District received State funding while it had the designation of being a "focus district" to assist with the additional programmatic supports necessary to better educate and serve our students. By being a district in "good standing", the District must find ways to maintain and build upon the progress that has been made with less financial support.

The cost of employee benefits continues to be a major budgetary factor for all school districts. The continued rapid growth in the cost of health insurance combined with the costs of funding the Teachers' Retirement System and Employees' Retirement System are projected to have significant budgetary, if not detrimental, impacts in the near to intermediate future for school districts throughout New York State.

In conclusion, the Hudson City School District has committed itself to financial planning and fiscal accountability. The district will continue the essential long range financial plan, and will continue to strive to add to its fund balance to prepare for and to meet the challenges of the future.

CONTACTING THE DISTRICT'S FINANCIAL MANAGEMENT

It is the intent of this report to provide the District's citizens, taxpayers, customers, investors and creditors with a general overview of the District's finances and to demonstrate the District's accountability for the funds it receives. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the following:

HUDSON CITY SCHOOL DISTRICT

NOTES TO FINANCIAL STATEMENTS

I. Summary of Significant Accounting Policies

The financial statements of the Hudson City School District have been prepared in conformity with generally accepted accounting principles (GAAP). Those principles are as prescribed by the Governmental Accounting Standards Board (GASB) which is the accepted standard-setting body for establishing governmental accounting and financial reporting principles.

Significant accounting principles and policies utilized by the District are described below:

A. Reporting Entity

The Hudson City School District is governed by the laws of New York State. The District is an independent entity governed by an elected Board of Education consisting of 7 members. The President of the Board serves as the chief fiscal officer and the Superintendent is the chief executive officer. The Board is responsible for and controls all activities related to public school education within the District. Board members have authority to make decisions, power to appoint management, and primary accountability for all fiscal matters.

The reporting entity of the District is based upon criteria set forth by GASB Statement 14, The Financial Reporting Entity, as amended by GASB Statement 39, Component Units. The financial reporting entity consists of the primary government, organizations for which the primary government is financially accountable and other organizations for which the nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete.

The accompanying financial statements present the activities of the District. The District is not a component unit of another reporting entity. The decision to include a potential component unit in the School District's reporting entity is based on several criteria including legal standing, fiscal dependency, and financial accountability. Based on the application of these criteria, the following is a brief review of certain entities included in the School District's reporting entity:

The Extraclassroom Activity Funds

The Extraclassroom Activity Funds of the Hudson City School District represent funds of the students of the School District. The Board of Education exercises general oversight of these funds. The Extraclassroom Activity Funds are independent of the School District with respect to its financial transactions and the designation of student management. Separate audited financial statements (cash basis) of the Extraclassroom Activity Funds are included in these financial statements. The District accounts for assets held as an agent for various student organizations in an agency fund.

HUDSON CITY SCHOOL DISTRICT

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

I. Summary of Significant Accounting Policies (Continued)

B. Joint Venture

The Hudson City School District is one of 22 component school districts in the Rensselaer-Columbia-Greene Board of Cooperative Educational Services (BOCES). A BOCES is a voluntary, cooperative association of school districts in a geographic area that share planning, services, and programs which provide educational and support activities.

BOCES are organized under Section 1950 of the Education Law. A BOCES Board is considered a corporate body. All BOCES property is held by the BOCES Board as a corporation (Section 1950(6)). In addition, BOCES Boards are considered municipal corporations to permit them to contract with other municipalities on a cooperative basis under Section 119-n(a) of the General Municipal Law.

A BOCES' budget is comprised of separate budgets for administrative, program, and capital costs. Each component school district's share of administrative and capital cost is determined by resident public school district enrollment as defined in Education Law, Section 1950(4)(b)(7). In addition, component districts pay tuition or a service fee for programs in which its students participate.

There is no authority or process by which a school district can terminate its status as a BOCES component. In addition, component school districts pay tuition or a service fee for programs in which their students participate. Members of a BOCES Board are nominated and elected by their component member boards in accordance with provisions of Section 1950 of the Education Law.

During the year ended June 30, 2016, the Hudson City School District was billed \$2,737,877 for BOCES administrative and program costs. The District's share of BOCES Aid amounted to \$705,772. Financial statements for the BOCES Aid are available from the BOCES administrative office.

C. Basis of Presentation

1. Districtwide Statements

The Districtwide Statement of Net Position and the Statement of Activities present financial information about the District's governmental activities. These statements include the financial activities of the overall government in its entirety, except those that are fiduciary. Eliminations have been made to minimize the double counting of internal transactions. Governmental activities generally are financed through taxes,

HUDSON CITY SCHOOL DISTRICT

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

I. **Summary of Significant Accounting Policies (Continued)**

C. **Basis of Presentation (Continued)**

1. **Districtwide Statements (Continued)**

State Aid, intergovernmental revenues, and other exchange and nonexchange transactions. Operating grants include operating-specific and discretionary (either operating or capital) grants, while the capital grants column reflects capital-specific grants.

The Statement of Activities presents a comparison between program expenses and revenues for each function of the District's governmental activities. Direct expenses are those that are specifically associated with and are clearly identifiable to a particular function. Program revenues include charges paid by the recipients of goods or services offered by the programs, and grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues, including all taxes, are presented as general revenues. Indirect expenses, principally employee benefits, are allocated to functional areas in proportion to the payroll expended for those areas.

2. **Fund Financial Statements**

The fund financial statements provide information about the District's funds, including fiduciary funds. Separate statements for each fund category (governmental and fiduciary) are presented. The emphasis of fund financial statements is on major governmental funds, each displayed in a separate column.

The District reports the following funds:

a. **Major Governmental Funds**

- (1) **General Fund** - This is the District's primary operating fund. It accounts for all financial transactions that are not required to be accounted for in another fund.
- (2) **Special Aid Fund** – These funds account for the proceeds of specific revenue sources, such as federal and state grants, that are legally restricted to expenditures for specified purposes and other activities whose funds are restricted as to use. These legal restrictions may be imposed either by governments that provide the funds, or by outside parties.

HUDSON CITY SCHOOL DISTRICT

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

I. **Summary of Significant Accounting Policies (Continued)**

C. **Basis of Presentation (Continued)**

2. **Fund Financial Statements (Continued)**

a. **Major Governmental Funds (Continued)**

- (3) **School Lunch Fund** – Used to account for transactions of the District’s lunch and breakfast programs.
- (4) **Debt Service Fund** – This fund accounts for the accumulation of resources and the payment of principal and interest on long-term obligations for governmental activities.
- (5) **Capital Projects Fund** – This fund is used to account for the financial resources used for acquisition, construction, or major repair of capital facilities.

b. **Fiduciary Funds**

Fiduciary activities are those in which the District acts as trustee or agent for resources that belong to others. These activities are not included in the districtwide financial statements, because their resources do not belong to the District, and are not available to be used. There are two classes of fiduciary funds:

- (1) **Private Purpose Trust Funds** – These funds are used to account for trust arrangements in which principal and income benefits annual third party awards and scholarships for students. Established criteria govern the use of the funds and members of the District or representatives of the donors may serve on committees to determine who benefits.
- (2) **Agency Funds** – These funds are strictly custodial in nature and do not involve the measurement of results of operations. Assets are held by the District as agent for various student groups or extraclassroom activity funds and for payroll or employee withholding.

HUDSON CITY SCHOOL DISTRICT

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

I. Summary of Significant Accounting Policies (Continued)

D. Measurement Focus and Basis of Accounting

Accounting and financial reporting treatment is determined by the applicable measurement focus and basis of accounting. Measurement focus indicates the type of resources being measured such as current financial resources or economic resources. The basis of accounting indicates the timing of transactions or events for recognition in the financial statements.

The districtwide and fiduciary fund financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of when the related cash transaction takes place. Nonexchange transactions, in which the District gives or receives value without directly receiving or giving equal value in exchange, include property taxes, grants and donations. On an accrual basis, revenue from property taxes is recognized in the fiscal year for which the taxes are levied. Revenues from grants and donations are recognized in the fiscal year in which all eligibility requirements have been satisfied.

The fund statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this method, revenues are recognized when measurable and available. The District considers all revenues reported in the governmental funds to be available if the revenues are collected within 60 days after the end of the fiscal year.

Expenditures are recorded when the related fund liability is incurred, except for principal and interest on general long-term debt, claims and judgments, and compensated absences, which are recognized as expenditures to the extent they have matured. General capital asset acquisitions are reported as expenditures in governmental funds. Proceeds of general long-term debt and acquisitions under capital leases are reported as other financing sources.

E. Cash and Investments

The District's cash and cash equivalents consist of cash on hand, demand deposits, and short-term investments with original maturities of three months or less from date of acquisition. New York State law governs the District's investment policies. Resources must be deposited in FDIC-insured commercial banks or trust companies located within the State. Permissible investments include obligations of the United States Treasury, United States Agencies, repurchase agreements and obligations of New York State or its localities. Collateral is required for demand and time deposits and certificates of deposit not covered by FDIC insurance. Obligations that may be pledged as collateral are obligations of the United States and its agencies and obligations of the State and its municipalities and districts. Certain cash balances are restricted by various legal and contractual obligations, such as legal reserves and debt agreements.

HUDSON CITY SCHOOL DISTRICT

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

I. Summary of Significant Accounting Policies (Continued)

F. Property Taxes

Real property taxes are levied annually by the Board of Education no later than September 1, and become a lien on July 1. Taxes are collected during the period July 15 to October 31.

The City and Counties in which the District is located enforce uncollected real property taxes. An amount representing all uncollected real property taxes must be transmitted by the City to the District within two years from the return of unpaid taxes to the city. Real property taxes receivable expected to be collected within 60 days of year-end, less similar amounts collected during this period in the preceding year are recognized as revenue. Otherwise, a deferred inflow of resources offset real property taxes receivable.

G. Restricted Resources

When an expense is incurred for purposes for which both restricted and unrestricted net assets are available, the District's policy concerning which to apply first varies with the intended use, and with the associated legal requirements, many of which are described elsewhere in these Notes to Financial Statements.

H. Interfund Transactions

The operations of the District include transactions between funds. These transactions may be temporary in nature, such as with interfund borrowings. The District typically loans resources between funds for the purpose of providing cash flow. These interfund receivables and payables are expected to be repaid within one year. Permanent transfers of funds include the transfer of expenditures and revenues to provide financing or other services.

In the districtwide statements, the amounts reported on the Statement of Net Position for interfund receivables and payables represent amounts due between different fund types (governmental activities and fiduciary funds). Eliminations have been made for all interfund receivables and payables between funds, with the exception of those due from or to the fiduciary funds.

The governmental funds report all interfund transactions as originally recorded. Interfund receivables and payables may be netted on the accompanying governmental funds balance sheet when it is the District's practice to settle these amounts at a net balance based upon the right of legal offset.

Refer to Note IV for a detailed disclosure by individual fund for interfund receivables, payables, expenditures and revenues activity.

HUDSON CITY SCHOOL DISTRICT

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

I. Summary of Significant Accounting Policies (Continued)

I. Estimates

The preparation of financial statements in conformity with generally accepted accounting principles in the United States of America requires management to make estimates and assumptions that affect the reported amount of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported revenues and expenses during the reporting period. Actual results could differ from those estimates. Estimates and assumptions are made in a variety of areas, including computation of encumbrances, compensated absences, potential contingent liabilities and useful lives of long-lived assets.

J. Receivables

Accounts receivable are shown gross, with uncollectible amounts recognized under the direct write-off method. No allowance for uncollectible accounts has been provided since it is believed that such allowance would not be material.

K. Inventories and Prepaid Items

Inventories of food in the School Lunch Fund are recorded at cost on a first-in, first-out basis, or in the case of surplus food, at stated value that approximates market. Purchases of inventorable items in other funds are recorded as expenditures at the time of purchase, and are considered immaterial in amount.

Prepaid items represent payments made by the District for which benefits extend beyond year-end. These payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both the district-wide and fund financial statements. These items are reported as assets on the Statement of Net Position or balance sheet using the consumption method. Under the consumption method, a current asset for the prepaid amounts is recorded at the time of purchase and an expense/expenditure is reported in the year the goods or services are consumed.

A portion of fund balance has been classified as nonspendable to indicate that inventory does not constitute an available spendable resource.

L. Other Assets/Restricted Assets

Certain proceeds from serial bonds and bond anticipation notes, as well as resources set aside for their repayment are classified as restricted assets in the districtwide financial statements and their use is limited by applicable bond covenants.

HUDSON CITY SCHOOL DISTRICT

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

I. Summary of Significant Accounting Policies (Continued)

L. Other Assets/Restricted Assets (Continued)

In the districtwide financial statements and in the fund statements, bond issuance costs are netted against bond proceeds and recognized in the period of issuance.

M. Capital Assets

Capital assets are reflected in the districtwide financial statements. Capital assets are reported at historical cost or estimated historical costs, based on appraisals conducted by independent third party professionals. Donated assets are reported at fair market value as of the date received. Additions, improvements and other capital outlays that significantly extend the useful life of an asset are capitalized. Other costs incurred for repairs and maintenance are expensed as incurred.

Capital assets, except land, are depreciated on a straight-line basis over their estimated useful lives. Capitalization thresholds and estimated useful lives of capital assets reported in the districtwide statements are as follows:

	Capitalization Threshold	Estimated Useful Life
Site Improvements	\$ 500	20
Buildings and Improvements	\$ 500	15-50
Furniture and Equipment	\$ 500	5-15
Vehicles	\$ 500	8

N. Compensated Absences

Compensated absences consist of unpaid accumulated annual sick leave, vacation, and sabbatical time.

Sick leave eligibility and accumulation is specified in negotiated labor contracts, and in individual employment contracts. Upon retirement, resignation or death, employees may contractually receive a payment based on unused accumulated sick leave.

District employees are granted vacation in varying amounts, based primarily on length of service and service position. Some earned benefits may be forfeited if not taken within varying time periods.

HUDSON CITY SCHOOL DISTRICT

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

I. Summary of Significant Accounting Policies (Continued)

N. Compensated Absences (Continued)

Consistent with GASB Statement 16, Accounting for Compensated Absences, the liability has been calculated using the vested method and an accrual for that liability is included in the Districtwide Financial Statements. The compensated absences liability is calculated based on the pay rates in effect at year end. In the fund statements only the amount of matured liabilities is accrued within the General Fund based upon expendable and available resources. These amounts are expensed on a pay-as-you-go basis.

O. Accrued Liabilities and Long-Term Obligations

Payables, accrued liabilities and long-term obligations are reported in the district wide financial statements. In the governmental funds, payables and accrued liabilities are paid in a timely manner and in full from current financial resources.

Claims and judgments and compensated absences that will be paid from governmental funds are reported as a liability in the funds financial statements only to the extent that they are due for payment in the current year. Bonds and other long-term obligations that will be paid from governmental funds are recognized as a liability in the fund financial statements when due.

Long-term obligations represent the District's future obligations or future economic outflows. The liabilities are reported as due in one year or due within more than one year in the Statement of Net Position.

P. Deferred Outflows of Resources

Deferred outflows of resources, in the Statement of Net Position, represents a consumption of net position that applies to a future reporting period and so will not be recognized as an outflow of resources (expense/expenditure) until that time. The District has two items that qualify for reporting in this category, both of which relate to pensions. The first item represents the effect of the net change in the District's proportion of the collective net pension asset or liability and the difference during the measurement period between the District's contributions and its proportionate share of total contributions to the pension systems not included in pension expense. The second item is the District's contributions to the pension systems (TRS and ERS Systems) subsequent to the measurement date.

HUDSON CITY SCHOOL DISTRICT

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

I. Summary of Significant Accounting Policies (Continued)

Q. Deferred Inflows of Resources

Deferred inflows of resources represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The District has two items that qualify for reporting in this category. One item is related to pensions reported in the Districtwide Statement of Net Position. This represents the effect of net change in the District's proportion of the collective net pension liability and difference during the measurement periods between the District's contributions and its proportionate share of total contributions to the pension systems not included in pension expense, and the net difference between projected and actual earnings on pension plan investments. The second item represents the amount of premium received on advanced refunding to be amortized over the life of the bond.

R. Unearned Revenue

Unearned revenues arise when resources are received by the District before it has a legal claim to them, as when grant monies are received prior to the incurrence of qualifying expenditures or when charges for service monies are received in advance from payers prior to the services being rendered by the District. These amounts are recorded as liabilities in the financial statements. The liabilities are removed and revenues are recognized in subsequent periods when the District has legal claim to the resources.

S. Postemployment Benefits

In addition to providing pension benefits, the School District provides health insurance coverage and survivor benefits for retired employees and their survivors. Substantially all of the School District's employees may become eligible for these benefits if they reach normal retirement age while working for the School District. Health care benefits are provided through plans whose premiums are based on the benefits paid during the year. The cost of providing post retirement benefits is shared between the School District and the retired employee. The School District recognizes the cost of providing health insurance by recording its share of insurance premiums (for retirees and their dependents) as an expenditure in the General Fund in the year paid.

HUDSON CITY SCHOOL DISTRICT

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

I. **Summary of Significant Accounting Policies (Continued)**

T. **Short-Term Debt**

The School District may issue Revenue and Tax Anticipation Notes in anticipation of receipt of revenues. These notes are recorded as a liability of the fund that will actually receive the proceeds from the issuance of the notes. The revenue anticipation and tax anticipation notes represent a liability that will be extinguished by the use of expendable, available resources of the fund.

The District may issue budget notes up to an amount not to exceed 5% of the amount of the annual budget during any fiscal year for expenditures for which there is an insufficient or no provision made in the annual budget. The budget note must be repaid no later than the close of the second fiscal year succeeding the year in which the note was issued.

The School District may issue Bond Anticipation Notes in anticipation of proceeds from the subsequent sale of bonds. These bonds are recorded as a current liability of the fund that will actually receive the proceeds from the issuance of bonds. State law requires that bond anticipation notes issued for capital purposes be converted to long-term financing within five years after the original issue date.

U. **Equity Classifications**

1. **Districtwide Statements**

In the districtwide statements there are three classes of net position:

Net investment in capital assets – consists of net capital assets (cost less accumulated depreciation) reduced by outstanding balances of related debt obligations from the acquisition, construction or improvement of those assets.

Restricted net position – reports net position when constraints placed on the assets are either externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments, or imposed by law through constitutional provisions or enabling legislation.

Unrestricted net position – reports all other net position that do not meet the definition of the above two classifications and are deemed to be available for general use by the District.

HUDSON CITY SCHOOL DISTRICT

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

I. **Summary of Significant Accounting Policies (Continued)**

U. **Equity Classifications (Continued)**

2. **Fund Statements**

In the fund basis statements, there are five classifications of fund balance:

Non-spendable – includes amounts that cannot be spent because they are either not in spendable form or legally or contractually required to be maintained intact. Non-spendable fund balance includes the inventory recorded in the School Lunch Fund of \$16,162.

Restricted – includes amounts with constraints placed on the use of resources either externally imposed by creditors, grantors, contributors, or laws or regulations of other governments; or imposed by law through constitutional provisions or enabling legislation. All encumbrances of funds other than the General Fund are classified as restricted fund balance. The School District has established the following restricted fund balances:

1. **Encumbrances**

Encumbrance accounting, under which purchase orders, contracts and commitments of expenditures are recorded for budgetary control purposes in order to reserve applicable appropriations, is employed as a control in preventing over-expenditure of established appropriations. Open encumbrances are reported as restricted fund balance in all funds other than the General Fund, since they do not constitute expenditures or liabilities and will be honored through budget appropriations in the subsequent year.

2. **Workers' Compensation**

This reserve is used to pay for compensation benefits and other expenses authorized by Article 2 of the Workers' Compensation Law, and for payment of expenses of administering this self-insurance program. The reserve may be established by Board action, and is funded by budgetary appropriations and such other funds as may be legally appropriated. Within sixty days after the end of any fiscal year, excess amounts may either be transferred to another reserve or the excess applied to the appropriations of the next succeeding fiscal year's budget. The reserve is accounted for in the General Fund.

HUDSON CITY SCHOOL DISTRICT

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

I. Summary of Significant Accounting Policies (Continued)

U. Equity Classifications (Continued)

2. Fund Statements (Continued)

3. Employee Retirement Contributions

This reserve is used for future employee's retirement obligations. This reserve may be established by a majority vote of the Board, and is funded by budgetary appropriations and such other reserves and funds that may be legally appropriated.

4. Tax Reduction

This reserve is used to reduce real property taxes over a period of time. The reserve is created by resolution of the Board of Education and is used to reduce real property taxes for a period not to exceed ten years. The source of funds is the proceeds from the sale of real property, after being used for any other legally required purpose.

Restricted fund balance includes the following:

General Fund	
Employee Retirement Contributions	\$ 580,658
Tax Reduction	555,885
Workers' Compensation	455,560
Debt Service Fund	53,674
Capital Fund	171,930
Total restricted funds	<u>\$ 1,817,707</u>

HUDSON CITY SCHOOL DISTRICT

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

I. **Summary of Significant Accounting Policies (Continued)**

U. **Equity Classifications (Continued)**

2. **Fund Statements (Continued)**

Committed – Includes amounts that can only be used for the specific purposes pursuant to constraints imposed by formal action of the School District’s highest level of decision making, the Board of Education. The School District has no committed fund balances as of June 30, 2016.

Assigned – Includes amounts that are constrained by the School District’s intent to be used for specific purposes, but are neither restricted nor committed. All encumbrances of the General Fund are classified as **Assigned Fund Balance** in the General Fund. Encumbrances reported in the General Fund amounted to \$203,802 and the assigned fund balance amounted to \$250,000.

Unassigned – Includes all other General Fund net assets that do not meet the definition of the above four classifications and are deemed to be available for general use by the School District.

NYS Real Property Tax Law 1318 limits the amount of unexpended surplus funds a School District can retain to no more than 4% of the School District’s budget for the General Fund for the ensuing fiscal year. Nonspendable and restricted fund balance of the General Fund are excluded from the 4% limitation. Amounts appropriated for the subsequent year and encumbrances are also excluded from the 4% limitation.

HUDSON CITY SCHOOL DISTRICT

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

I. Summary of Significant Accounting Policies (Continued)

U. Equity Classifications (Continued)

2. Fund Statements (Continued)

Order of Use of Fund Balance:

The District's policy is to apply expenditures against nonspendable fund balance, restricted fund balance, committed fund balance, assigned fund balance and unassigned fund balance at the end of the fiscal year. For all funds, nonspendable fund balances are determined first and then restricted fund balances for specific purposes are determined. Any remaining fund balance amounts for funds other than the General Fund are classified as restricted fund balance. In the General Fund, committed fund balance is determined next and then assigned. The remaining amounts are reported as unassigned. Assignments of fund balance cannot cause a negative unassigned fund balance.

V. New Accounting Standards

The District has adopted all current Statements of the Governmental Accounting Standards Board (GASB) that are applicable. At June 30, 2016, the District implemented the following new standard issued by GASB:

GASB has issued Statement 72, *Fair Value Measurement and Application*, effective for the year ending June 30, 2016.

W. Future Changes in Accounting Standards

GASB has issued Statement 75, *Accounting and Financial Reporting for Post-employment Benefits Other Than Pensions*, effective for the year ending June 30, 2018. This Statement replaces the requirements of Statements No. 45, *Accounting and Financial Reporting by Employers for Postemployment Benefits Other Than Pensions*, as amended, and No. 57, *OPEB Measurements by Agent Employers and Agent Multiple-Employer Plans*, for OPEB. For Statement No. 74, *Financial Reporting for Postemployment Benefit Plans Other Than Pension Plans*, established new accounting and financial reporting requirements for OPEB plans.

The school district will evaluate the impact that this pronouncement may have on its financial statements and will implement it as applicable and when material.

HUDSON CITY SCHOOL DISTRICT

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

II. Explanation of Certain Differences between Governmental Fund Statements and Districtwide Statements

Due to differences in the measurement focus and basis of accounting used in the governmental fund statements and the districtwide statements, certain financial transactions are treated differently. The basic financial statements contain a full reconciliation of these items. The differences result primarily from the economic focus of the Statement of Activities, compared with the current financial resources focus of the governmental funds.

1. Total Fund Balances of Governmental Funds vs. Net Position of Governmental Activities:

Total fund balances of the District's governmental funds differ from "net position" of governmental activities reported in the Statement of Net Position. This difference primarily results from the additional long-term economic focus of the Statement of Net Position versus the solely current financial resources focus of the governmental fund balance sheets.

2. Statement of Revenues, Expenditures, and Changes in Fund Balance vs. Statement of Activities:

Differences between the funds Statement of Revenues, Expenditures and Changes in Fund Balance and the Statement of Activities fall into one of three broad categories:

a. Long-term revenue differences:

Long-term revenue differences arise because governmental funds report revenues only when they are considered "available", whereas the Statement of Activities reports revenues when earned. Differences in long-term expenses arise because governmental funds report on a modified accrual basis, whereas the accrual basis of accounting is used on the Statement of Activities.

b. Capital related differences:

Capital related differences include the difference between proceeds for the sale of capital assets reported on governmental fund statements and the gain or loss on the sale of assets as reported on the Statement of Activities, and the difference between recording an expenditure for the purchase of capital items in the governmental fund statements and depreciation expense on those items as recorded in the Statement of Activities.

HUDSON CITY SCHOOL DISTRICT

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

II. Explanation of Certain Differences between Governmental Fund Statements and Districtwide Statements (Continued)

2. Statement of Revenues, Expenditures, and Changes in Fund Balance vs. Statement of Activities (Continued):

c. Long-term debt transaction differences:

Long-term debt transaction differences occur because both interest and principal payments are recorded as expenditures in the governmental fund statements, whereas interest payments are recorded in the Statement of Activities as incurred, and principal payments are recorded as a reduction of liabilities in the Statement of Net Position.

d. Pension differences:

Pension differences occur as a result of changes in the District's proportion Of the collective net pension asset/liability and differences between the District's Contributions and its proportionate share of the total contributions to the pension Systems.

The costs of building and acquiring capital assets (land, buildings, and equipment) financed from governmental funds are reported as expenditures in the year they are incurred, and the assets do not appear on the Balance Sheet. However, the Statement of Net Position includes those capital assets among the assets of the District as a whole, and their original costs are expensed annually of their useful lives.

Original cost of capital assets	\$79,172,662
Accumulated depreciation	<u>25,471,732</u>
Capital assets, net	<u>\$53,700,930</u>

Long-term liabilities are reported in the Statement of Net Position, but not in the governmental funds, because they are not due and payable in the current period. Balances at year end were:

	<u>2016</u>	<u>2015</u>
Bonds and notes payable	\$ 34,270,000	\$ 38,325,000
Other debt	\$ 891,470	\$ 1,121,333
Compensated absences payable	\$ 746,100	\$ 759,943
OPEB obligations	\$ 53,759,367	\$ 47,612,063
Due to employees' retirement system	\$ 577,323	\$ 616,124
Due to teachers' retirement system	\$ -	\$ 46,202

HUDSON CITY SCHOOL DISTRICT

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

II. Explanation of Certain Differences between Governmental Fund Statements and Districtwide Statements (Continued)

2. Statement of Revenues, Expenditures, and Changes in Fund Balance vs. Statement of Activities (Continued):

When the purchase or construction of capital assets is financed through governmental funds, the resources expended for those assets are reported as expenditures in the years they are incurred. However, in the Statement of Activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. Depreciation of \$1,786,258 was more than capital expenditures of \$85,172 in the current year.

Repayment of bond principal of \$27,060,000 is an expenditure in the governmental funds, but it reduces long-term liabilities in the Statement of Net Position, and does not affect the Statement of Activities.

Interest on long-term debt and short-term debt in the Statement of Activities differs from the amount reported in the governmental funds because interest is recorded as an expenditure in the funds when it is due, and thus requires the use of current financial resources. In the Statement of Activities, however, interest expense is recognized as the interest accrues, regardless of when it is due. The interest reported in the Statement of Activities decreased by \$12,261.

III. Cash and Investments

A. Deposits

The Hudson City School District's investment policies are governed by State statutes. The Hudson City School District's monies must be deposited in FDIC-insured commercial banks or trust companies located within the State. The Treasurer is authorized to use demand accounts and certificates of deposit. Permissible investments include obligations of the U.S. Treasury and U.S. Agencies, repurchase agreements, and obligations of New York State or its localities.

Collateral is required for demand and time deposits and certificates of deposit not covered by Federal Deposit Insurance. Obligations that may be pledged as collateral are: obligations of the United States and its agencies and obligations of the State and its municipalities and school districts.

HUDSON CITY SCHOOL DISTRICT

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

III. Cash and Investments (Continued)

A. Deposits (Continued)

Custodial credit risk is the risk that in an event of a bank failure, the District's deposits may not be returned to it. GASB directs that deposits be disclosed as exposed to custodial credit risk if they are not covered by depository insurance and the deposits are as follows:

- A. Uncollateralized
- B. Collateralized by securities held by the pledging financial institution, or
- C. Collateralized by securities held by the pledging financial institution's trust department or agent but not in the District's name.

Deposits and investments at year end were entirely covered by Federal Deposit Insurance or by collateral held by the School District's custodial bank in the School District's name.

The District did not have any investments at year end or during the year.

IV. Interfund Transaction

Interfund balances at June 30, 2016 are as follows:

	Interfund		Interfund	
	Receivable	Payable	Revenues	Expenditures
General Fund	\$ 1,669,140	\$ -	\$ 25,296	\$ 1,583,155
Special Aid Fund	84,889	1,382,479	83,155	25,296
School Lunch Fund	-	101,455	-	-
Capital Fund	-	4,862	1,500,000	4,211
Debt Service Fund	4,862	-	4,211	-
	<hr/>	<hr/>	<hr/>	<hr/>
Total governmental activities	1,758,891	1,488,796	\$ 1,612,662	\$ 1,612,662
	<hr/>	<hr/>	<hr/>	<hr/>
Fiduciary Agency Fund	-	270,095		
	<hr/>	<hr/>		
Totals	<u>\$ 1,758,891</u>	<u>\$ 1,758,891</u>		

Interfund receivables and payables, other than between governmental activities and fiduciary funds, are eliminated on the Statement of Net Position.

HUDSON CITY SCHOOL DISTRICT

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

V. Capital Assets

A summary of changes in general fixed assets follows:

	Balance 7/1/2015	Additions	Deletions	Balance 6/30/2016
<u>Capital assets-not depreciated:</u>				
Land	\$ 49,537	\$ -	\$ 2,575	\$ 46,962
Construction in progress	-	85,172	-	85,172
Total capital assets-not depreciated:	<u>49,537</u>	<u>85,172</u>	<u>2,575</u>	<u>132,134</u>
<u>Other capital assets:</u>				
Buildings and improvements	76,080,022	-	78,999	76,001,023
Machinery and equipment	2,770,312	49,207	-	2,819,519
Vehicles	188,146	31,840	-	219,986
Total other capital assets:	<u>79,038,480</u>	<u>81,047</u>	<u>78,999</u>	<u>79,040,528</u>
<u>Less accumulated depreciation:</u>				
Buildings and improvements	21,417,431	1,699,465	78,999	23,037,897
Machinery and equipment	2,189,080	78,501	-	2,267,581
Vehicles	157,962	8,292	-	166,254
Total accumulated depreciation	<u>23,764,473</u>	<u>1,786,258</u>	<u>78,999</u>	<u>25,471,732</u>
Other capital assets, net	<u>55,274,007</u>	<u>(1,705,211)</u>	<u>-</u>	<u>53,568,796</u>
Total	<u>\$ 55,323,544</u>	<u>\$ (1,620,039)</u>	<u>\$ 2,575</u>	<u>\$ 53,700,930</u>

Depreciation expense for the period was shown as unallocated in the Statement of Activities.

HUDSON CITY SCHOOL DISTRICT

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

VI. Pension Plans

1. General Information

New York State and Local Employees' Retirement System (ERS) and the New York State Teachers' Retirement (TRS) (the Systems).

2. Plan Descriptions and Benefits Provided

Teachers' Retirement System (TRS)

The District participates in the New York State Teachers' Retirement System (TRS). This is a cost-sharing multiple-employer retirement system. The System provides retirement benefits as well as, death and disability benefits to plan members and beneficiaries as authorized by the Education Law and the Retirement and Social Security Law of the State of New York. The System is governed by a 10 member Board of Trustees. System benefits are established under New York State Law. Membership is mandatory and automatic for all full-time teachers, teaching assistants, guidance counselors and administrators employed in New York Public Schools and BOCES who elected to participate in TRS. Once a public employer elects to participate in the System, the election is irrevocable. The New York State Constitution provides that pension membership is a contractual relationship and plan benefits cannot be diminished or impaired. Benefits can be changed for future members only by enactment of a State statute. Additional information regarding the System, may be obtained by writing to the New York State Teachers' Retirement System, 10 Corporate Woods Drive, Albany, NY 12211-2395 or by referring to the NYSSTR Comprehensive Annual Financial report which can be found on the System's website at www.nystrs.org.

Employees' Retirement System (ERS)

The District participates in the New York State and Local Employees' Retirement System (ERS). This is a cost-sharing multiple-employer retirement system. The System provides retirement benefits as well as death and disability benefits. The net position of the System is held in the New York State Common Retirement Fund (the Fund), which was established to hold all net assets and record changes in plan net position allocated to the System. The Comptroller of the State of New York serves as the trustee of the Fund and is the administrative head of the System. System benefits are established under the provisions of the New York State Retirement and Social Security Law (RSSL). Once a public employer elects to participate in the System, the election is irrevocable. The New York State Constitution provides that pension membership is a contractual relationship and plan benefits cannot be diminished or impaired. Benefits can be changed for future members only by enactment of a State statute. The District also participates in the Public Employees' Group Life Insurance Plan (GLIP), which provides death benefits in the form of life insurance. The System is included in the State's financial report as a pension trust fund. That report, including information with regard to benefits provided, may be found at www.osc.state.ny.us/retire/publications/index.php or obtained by writing to the New York State and Local Retirement System, 110 State Street, Albany, NY 12244.

HUDSON CITY SCHOOL DISTRICT

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

VI. Pension Plans (Continued)

The Systems are noncontributory except for employees who joined after July 27, 1976, who contribute 3 percent of their salary for the first ten years of membership, and employees who joined on or after January 1, 2010 who generally contribute 3.0 to 3.5 percent of their salary for their entire length of service. In addition, employee contribution rates under ERS tier VI vary based on a sliding salary scale. For ERS, the Comptroller annually certifies the actuarially determined rates expressly used in computing the employers' contributions based on salaries paid during the Systems' fiscal year ending March 31. For TRS, contribution rates are established annually by the New York State Teachers' Retirement Board pursuant to Article 11 of the Education law.

Contributions for the current year and two preceding years were equal to 100 percent of the contributions required, and were as follows:

Contributions

	ERS	TRS
2016	\$894,082	\$2,707,836
2015	\$607,682	\$2,405,634
2014	\$550,597	\$1,833,514

3. Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At June 30, 2016, the District reported the following asset/(liability) for its proportionate share of the net pension asset/(liability) for each of the Systems. The net pension asset/(liability) was measured as of March 31, 2016 for ERS and June 30, 2015 for TRS. The total pension asset/(liability) used to calculate the net pension asset/(liability) was determined by an actuarial valuation. The District's proportion of the net pension asset/(liability) was based on a projection of the District's long-term share of contributions to the Systems relative to the projected contributions of all participating members, actuarially determined. This information was provided by the ERS and TRS Systems in reports provided to the District.

	<u>ERS</u>	<u>TRS</u>
Actuarial valuation date	31-Mar-16	30-Jun-15
Net pension asset/(liability)	(\$2,236,586)	\$9,830,254
District's portion of the Plan's total net pension asset/(liability)	.0139349%	.094642%

HUDSON CITY SCHOOL DISTRICT

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

VI. Pension Plans (Continued)

For the year ended June 30, 2016, the District's recognized pension expense/(credit) of \$851,468 for ERS and the actuarial value (\$659,456) for TRS. At June 30, 2016 the District's reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	<u>Deferred Outflows of Resource; Deferred Inflows of Resources</u>			
	<u>ERS</u>	<u>TRS</u>	<u>ERS</u>	<u>TRS</u>
Differences between expected and actual experience	\$11,302	\$0	\$265,110	\$272,438
Changes of assumptions	596,430	0	0	0
Net difference between projected and actual earnings on pension plan investments	1,326,865	0	0	3,107,395
Changes in proportion and differences between the District's contributions and proportionate share of contributions	195,569	10,884	0	88,947
District's contributions subsequent to the measurement date	175,211	1,905,007	0	0
Total	\$2,305,377	\$1,915,891	\$265,110	\$3,468,780

District contributions subsequent to the measurement date which will be recognized as a reduction of the net pension liability in the year ended June 30, 2016. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

	<u>ERS</u>	<u>TRS</u>
Year ended:		
2016	\$ -	\$ (1,262,673)
2017	\$475,879	\$ (1,262,673)
2018	\$475,879	\$ (1,262,673)
2019	\$475,879	\$ 507,435
2020	\$437,419	\$ (43,297)
Thereafter	\$0	\$ (134,015)

HUDSON CITY SCHOOL DISTRICT

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

VI. Pension Plans (Continued)

4. Actuarial Assumptions

The total pension liability as of the measurement date was determined by using an actuarial valuation as noted in the table below, with update procedures used to roll forward the total pension liability to the measurement date. The actuarial valuations used the following actuarial assumptions:

Significant actuarial assumptions used in the valuations were as follows:

	<u>ERS</u>	<u>TRS</u>
Measurement date	March 31, 2016	June 30, 2015
Actuarial valuation date	April 1, 2015	June 30, 2014
Interest rate	7%	8%
Salary scale	3.80%	4.01% - 10.91%
Decrement tables	April 1, 2010 - March 31, 2015 System's Experience	July 1, 2005 - June 30, 2010 System's Experience
Inflation rate	2.5%	3.0%

For ERS, annuitant mortality rates are based on April 1, 2010 – March 31, 2015 System’s experience with adjustments for mortality improvements based on MP-2014. For TRS, annuitant mortality rates are based on July 1, 2005 – June 30, 2010 System’s experience with adjustments for mortality improvements based on Society of Actuaries Scale AA.

For ERS, the actuarial assumptions used in the April 1, 2015 valuation are based on the results of an actuarial experience study for the period April 1, 2010 – March 31, 2015. For TRS, the actuarial assumptions used in the June 30, 2013 valuation are based on the results of an actuarial experience study for the period July 1, 2005 – June 30, 2010.

HUDSON CITY SCHOOL DISTRICT

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

VI. Pension Plans (Continued)

The long term rate of return on pension plan investments was determined using a building block method in which best estimate ranges of expected future real rates of return (expected returns net of investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long term expected rate of return by weighting the expected future real rates of return by each the target asset allocation percentage and by adding expected inflation. Best estimates of the arithmetic real rates of return for each major asset class included in the target asset allocation are summarized below:

Measurement date	<u>ERS</u>	<u>TRS</u>
	March 31, 2015	June 30, 2014
<u>Asset Type</u>	<u>%</u>	<u>%</u>
Domestic Equity	38%	37%
International Equity	13%	18%
Private Equity	10%	0%
Real Estate	8%	10%
Alternative Investments	0%	7%
Domestic fixed income securities	0%	17%
Global fixed income securities	0%	2%
Bonds and Mortgages	18%	8%
Short-term	0%	1%
Absolute return strategies	3%	0%
Opportunistic portfolio	3%	0%
Real Assets	3%	0%
Cash Equivalents	2%	0%
Inflation-Indexed bonds	2%	0%

5. Discount Rate

The discount rate used to calculate the total pension liability was 7.0 % for ERS and 8.0 % for TRS. The projection of cash flows used to determine the discount rate assumes that contributions from plan members will be made at the current contribution rates and that contributions from employers will be made at statutorily required rates, actuarially. Based upon the assumptions, the Systems' fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore the long term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

HUDSON CITY SCHOOL DISTRICT

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

VI. Pension Plans (Continued)

6. Sensitivity of the Proportionate Share of Net Pension Liability to the Discount Rate Assumption

The following presents the District's proportionate share of the net pension liability calculated using the discount rate of 7.0% for ERS and 8.0% for TRS, as well as what the District's proportionate share of the net pension asset/(liability) would be if it were calculated using a discount rate that is 1-percentage point lower (6.0% or ERS and 7.0% for TRS) or 1-percentage point higher (8.0% for ERS and 9.0% for TRS) than the current rate :

ERS	1% Decrease <u>(6.0%)</u>	Current Assumption <u>(7.0%)</u>	1% Increase <u>(8.0%)</u>
Employer's proportionate share Of the net pension (asset) liability	\$5,043,338	\$2,236,586	(\$135,000)
TRS	1% Decrease <u>(7.0%)</u>	Current Assumption <u>(8.0%)</u>	1% Increase <u>(9.0%)</u>
Employer's proportionate share Of the net pension (asset) liability	\$670,550	(\$9,830,254)	(\$18,785,236)

7. Pension Plan Fiduciary Net Position

The components of the current-year net pension asset/(liability) of the employers as of the respective valuation dates, were as follows:

	(Dollars in Thousands)		
	<u>ERS</u> March 31, 2016	<u>TRS</u> June 30, 2015	<u>Total</u>
Valuation date			
Employers' total pension liability	\$ 172,303,544	\$ 99,332,103,743	\$99,504,407,287
Plan Fiduciary Net Position	(156,253,265)	109,718,916,659	109,562,663,394
Employers' net pension liability	16,050,279	(10,386,812,916)	(10,370,762,637)
Ration of plan net position to the Employers' total pension liability	90.7000%	110.4600%	201.16%

HUDSON CITY SCHOOL DISTRICT

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

VI. Pension Plans (Continued)

8. Payables to the Pension Plan

For ERS, employer contributions are paid annually based on the System's fiscal year which ends on March 31st. Accrued retirement contributions as of June 30, 2016 represent the projected employer contribution for the period of April 1, 2016 through June 30, 2016 based on paid ERS wages multiplied by the employer's contribution rate, by tier. Accrued retirement contributions as of June 30, 2016 amounted to \$175,211.

For TRS, employer and employee contributions for the fiscal year ended June 30, 2016 are paid to the System in September, October and November 2016 through a state aid intercept. Accrued retirement contributions as of June 30, 2016 represent employee and employer contributions for the fiscal year ended June 30, 2016 based on paid TRS wages multiplied by the employer's contribution rate, by tier and employee contributions for the fiscal year as reported to the TRS System. Accrued retirement contributions as of June 30, 2016 amounted to \$1,990,058.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

VII. Long-Term Debt Obligations

Long-term liability balances and activity for the year are summarized below:

1. Long-Term Debt Interest

Interest paid	\$5,297,689
Less interest accrued in the prior year	(80,880)
Plus interest accrued in the current year	<u>68,619</u>
Total expense	<u><u>\$5,285,428</u></u>

2. Changes

	Restated Balance 7/1/2015	Additions	Deletions	Balance 6/30/2016	Due Within One Year
Serial Bonds	\$ 38,325,000	\$ 23,005,000	\$ 27,060,000	\$ 34,270,000	\$ 2,250,000
Other debt	1,121,333	-	229,863	891,470	\$ 240,488
Compensated Absences	759,943	-	13,843	746,100	
Due to Employees' Retirement System	616,124	-	38,801	577,323	
Due to Teachers' Retirement System	46,202	-	46,202	-	
OPEB Obligations	<u>47,797,097</u>	<u>5,962,270</u>	<u>-</u>	<u>53,759,367</u>	
Totals	<u><u>\$ 88,665,699</u></u>	<u><u>\$ 28,967,270</u></u>	<u><u>\$ 27,388,709</u></u>	<u><u>\$ 90,244,260</u></u>	

Additions and deletions to compensated absences are shown net since it is impractical to determine these amounts separately.

Current-Year Defeasance of Debt

On May 27, 2016, the District issued \$23,005,000 in general obligation bonds with an average interest rate of 2.5% to advance refund \$24,225,000 of outstanding serial bonds with an average interest rate of 4%. The net proceeds of \$22,696,338 (after payment of \$308,662 in underwriting fees, insurance and other issuance costs) were used to purchase United States government securities. Those securities were deposited in an irrevocable trust with an escrow agent to provide for all future debt service payments on the bonds.

Prior-Year Defeasance of Debt

In prior years, certain general obligation bonds were defeased by placing the proceeds of new bonds in an irrevocable trust to provide for all future debt service payments on the old bonds. Accordingly, the liability for the defeased bonds and the trust account assets are not included in the financial statements.

	Total	<u>\$ 34,270,000</u>	<u>\$ 11,946,898</u>	<u>\$ 46,216,898</u>

HUDSON CITY SCHOOL DISTRICT

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

VIII. Other Debt

The Hudson City School District, during 2003-2004, entered into an agreement to finance the cost of energy efficiency improvements over a fifteen year period. The unpaid balance at June 30, 2016 was \$891,470. The following is a schedule of future minimum lease payments under capital leases, together with the net present value of the minimum lease payments as of June 30, 2016.

Year Ending June 30,	General Long-Term Debt
2017	\$ 278,511
2018	278,511
2019	278,511
2020	139,256
2021	-
Minimum Lease Payments - Capital Leases	974,789
Less: Amount representing interest of 4.75%	83,319
Present Value-Minimum Lease Payments	\$ 891,470

IX. Postemployment (Health Insurance) Benefits

The District provides postemployment (health insurance, life insurance, etc.) coverage to retired employees in accordance with the provisions of various employment contracts. The benefit levels, employee contributions and employer contributions are governed by the District's contractual agreements.

The District implemented GASB Statement #45, Accounting and Financial Reporting by employers for Postemployment Benefits Other than Pensions, in the school year ended June 30, 2009. This required the District to calculate and record a net other postemployment benefit obligation at year end. The net other postemployment benefit obligation is basically the cumulative difference between the actuarially required contribution and the actual contributions made.

The District recognizes the cost of providing health insurance annually as expenditures in the General Fund of the funds financial statements as payments are made. For the year ended June 30, 2016, the District recognized \$3,659,098 for its share of insurance premiums for currently enrolled retirees.

The District has obtained an actuarial valuation report as of July 1, 2015 which indicates that the total liability for other postemployment benefits is \$53,759,367, which is reflected in the Statement of Net Position.

HUDSON CITY SCHOOL DISTRICT

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

IX. Postemployment (Health Insurance) Benefits (Continued)

The District currently pays for postemployment health care benefits on a pay-as-you-go basis. Once New York State Law allows for the establishment of a trust to fund and invest assets necessary to pay for the accumulated liability, the District will study the establishment of such a trust. These financial statements assume that pay-as-you-go funding will continue.

Annual OPEB Cost and Net OPEB Obligation

The District's annual other postemployment benefit (OPEB) cost (expense) is calculated based on the annual required contribution of the employer (ARC), an amount actuarially determined in accordance with the parameters of GASB Statement 45. The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover normal cost each year and amortize any unfunded actuarial liabilities (or funding excess) over a period not to exceed thirty years.

The following table shows the components of the District's annual OPEB cost for the year, the amount actually contributed to the plan, and changes in the District's net OPEB obligation to HP:

Annual required contribution	\$ 10,367,832
Interest on net OPEB obligation	1,911,884
Adjustment to annual required contribution	<u>(2,658,348)</u>
Annual OPEB cost (expense)	9,621,368
Contributions made	<u>3,659,098</u>
Increase in net OPEB obligation	5,962,270
Net OPEB obligation-beginning of year (restated)	<u>47,797,097</u>
Net OPEB obligation-end of year	<u><u>\$ 53,759,367</u></u>

The District's annual OPEB cost, the percentage of annual OPEB cost contributed to the plan, and the net OPEB obligation were as follows:

<u>Fiscal</u> <u>Year Ended</u>	<u>Annual</u> <u>OPEB Cost</u>	<u>Annual OPEB Cost</u> <u>Contributed</u>	<u>Percentage of</u> <u>Net OPEB</u> <u>Obligation</u>
6/30/2014	\$10,479,008	35.2%	\$41,650,602
6/30/2015	\$ 9,558,751	37.6%	\$47,797,097
6/30/2016	\$ 9,621,368	38%	\$53,759,367

HUDSON CITY SCHOOL DISTRICT

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

IX. Postemployment (Health Insurance) Benefits (Continued)

Funded Status and Funding Progress

As of July 1, 2015, the most recent actuarial valuation date, the plan was 0% funded. The actuarial accrued liability for benefits was \$118,684,874, and the actuarial value of assets was \$0, resulting in an unfunded actuarial accrued liability (UAAL) of \$118,684,874. The covered payroll (annual payroll of active employees covered by the plan) was \$19,150,200 and the ratio of the UAAL to the covered payroll was 620%. Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future.

Examples include assumptions about future employment, mortality, and the healthcare cost trend. Amounts determined regarding the funded status of the plan and the annual required contributions of the employer are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future. The schedule of funding progress, presented as required supplementary information in the notes to the financial statements, presents multi-year trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liabilities for benefits.

Actuarial Methods and Assumptions

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employer and the plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the employer and plan members to that point. The actuarial methods and assumptions used include techniques that are designed to reduce the effects of short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations.

In the July 1, 2015 actuarial valuation, the Projected Unit Credit Cost method was used. The actuarial assumptions included a 4% investment rate of return (net of administrative expenses), which is a blended rate of the expected long-term investment returns on plan assets and on the employer's own investments calculated based on the funded level of the plan at the valuation date, and an annual healthcare cost trend rate of 8% initially, decreased by increments to an ultimate rate of 5% in the final year. The actuarial value of assets was determined using techniques that spread the effects of short-term volatility in the market value of investments over a 30 year period. The UAAL is being amortized as a level percentage of projected payroll on an open basis. The remaining amortization period, at June 30, 2016, was 22 years.

HUDSON CITY SCHOOL DISTRICT

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

X. Commitments and Contingencies

A. Risk Financing and Related Insurance

1. General Information

The Hudson City School District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; and natural disasters. These risks are covered by commercial insurance purchased from independent third parties. Settled claims from these risks have not exceeded commercial insurance coverage for the past two years.

2. Grants

The School District has received grants, which are subject to audit by agencies of the State and Federal government. Such audits may result in disallowances and a request for a return of funds. Based on prior audits, the School District's administration believes disallowances, if any, will be immaterial.

3. Litigation

There are currently pending tax certiorari proceedings, the results of which could require the payments of future tax refunds by the School District if existing assessment rolls are modified based on the outcome of the litigation proceedings. However, the amount of these possible refunds cannot be determined at the present time.

HUDSON CITY SCHOOL DISTRICT

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

XII. Stewardship, Compliance and Accountability

A. Budgetary Procedures and Budgetary Accounting

1. Budget Policies

The budget policies are as follows:

- a. The School District's administration prepares a proposed budget for approval by the Board of Education for the General Fund.
- b. The proposed appropriation budget for the General Fund is approved by the voters within the School District.
- c. Appropriations are adopted at the program level.
- d. Appropriations established by adoption of the budget constitute a limitation on expenditures (and encumbrances), which may be incurred. Appropriations lapse at the fiscal year end. Supplemental appropriations may occur subject to legal restrictions, if the Board approves them because of a need that exists which was not determined at the time the budget was adopted.
- e. The General Fund budget was increased to reflect the receipt of additional unanticipated revenue in the amount of \$400 and the appropriation for a transfer of \$1,500,000 to the Capital Fund Project.

HUDSON CITY SCHOOL DISTRICT

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

XII. Stewardship, Compliance and Accountability (Continued)

A. Budgetary Procedures and Budgetary Accounting (Continued)

2. Budget Basis of Accounting

Budgets are adopted annually on a basis consistent with generally accepted accounting principles. Appropriations authorized for the current year are increased by the amount of encumbrances carried forward from the prior year.

The budget and actual comparison in the Schedule of Revenues and Expenditures-Budget and Actual, reflects budgeted and actual amounts for the General Fund which is a legally authorized (appropriated) budget.

Special Aid Fund and School Lunch Fund have not been included in the comparison because they do not have legally authorized budgets.

Budgets are established and used for individual capital project funds expenditures as approved by a special referendum of the District's voters. The maximum project amount authorized is based primarily upon the cost of the project, plus any requirements for external borrowings, not annual appropriations. The budgets do not lapse and are carried over to subsequent fiscal years until the completion of the projects.

3. Encumbrance accounting is used for budget control and monitoring purposes and is reported as a part of the governmental funds. Under this method, purchase orders, contracts and other commitments for the expenditure of monies are recorded to reserve applicable appropriations. Outstanding encumbrances as of year-end are presented as reservations of fund balance and do not represent expenditures or liabilities. These commitments will be honored in the subsequent period. Related expenditures are recognized at that time as the liability is incurred or the commitment is paid.
4. Section 1318 of Real Property Tax Law establishes the maximum unassigned fund balance that can be retained by a school district. The current law limits this amount to 4% of the ensuing year's budget. The District's financial statements for the year ended June 30, 2016, indicate that the unassigned fund balance is in excess of the legal limit.
5. The annual audit report was not filed with the Commissioner of Education by October 15, as required by the Commissioner's Regulation 170.2(R).

XIII. Subsequent Events

There were no significant subsequent events to report from the period of July 1, 2016 to January 11, 2017.

HUDSON CITY SCHOOL DISTRICT

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

To the Board of Education of the
Hudson City School District:

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund and the fiduciary funds of the Hudson City School District as of and for the year ended June 30, 2016, and the related notes to the financial statements which collectively comprise the District's basic financial statements and have issued our report thereon dated January 11, 2017.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered Hudson City School District's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Hudson City School District's internal control. Accordingly, we do not express an opinion on the effectiveness of Hudson City School District's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

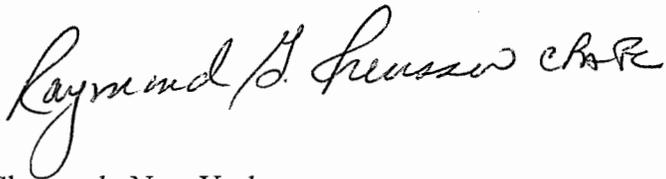

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Hudson City School District's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*. We noted certain other matters that we have reported to the Board of Education, Audit Committee and Management in our accompanying management letter.

Purpose of This Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards*, in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Claverack, New York 12513

Telephone: (518) 851-6650

Fax: (518) 851-6675

To the Board of Education of the
Hudson City School District:

In planning and performing our audit of the financial statements of the governmental activities, each major fund, and the fiduciary funds of the Hudson City School District as of and for the year ended June 30, 2016, in accordance with auditing standards generally accepted in the United States of America, we considered the Hudson City School District's internal control over financial reporting (internal control) as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Hudson City School District's internal control. Accordingly, we do not express an opinion on the effectiveness of the Hudson City School District's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis.

Our consideration of internal control was for the limited purpose described in the first paragraph and was not designed to identify all deficiencies in internal control that might be significant deficiencies or material weaknesses, and, therefore, there can be no assurance that all such deficiencies have been identified. We did not identify any deficiencies in internal control that we consider to be material weaknesses.

During our audit, we noted certain matters involving the internal control and other operational matters that are presented for your consideration. This letter does not affect our report dated January 11, 2017 on the financial statements of the Hudson City School District. We will review the status of these comments during our next audit engagement. Our comments and recommendations, all of which have been discussed with appropriate members of management, are intended to improve the internal control or result in other operating efficiencies.

We will be pleased to discuss these comments in further detail at your convenience, perform any additional study of these matters, or assist you in implementing the recommendations. Our comments are summarized as follows:

Other Matters:

Fund Balance

Section 1318 of Real Property Tax Law establishes the maximum unassigned fund balance that can be retained by a school district. The current law limits this amount to 4% of the ensuing year's budget. The district's financial statements for the year ended June 30, 2016 indicate that the unassigned fund balance is in excess of the legal limit.

Fiscal Planning

Due to the economic conditions facing all school districts, such as increasing mandated costs, flat State Aid and the Property Tax Cap, we recommend that the District develop a three-year fiscal plan and update it annually based on current information available. This plan should include provisions for the use or disposition of the excess fund balance as mentioned in the above comment. The use of District reserves as budgeting tools should also be included.

Reserves Funds

Reserve funds are an important component in the District's financial planning for future projects, acquisitions and other lawful purposes. The District is responsible for developing a reserve fund plan for the use of its reserves. This plan should include guidelines on how and when disbursements should be made, along with optional funding levels.

We recommend that the Board be provided with a reserve analysis periodically to review all reserve balances and determine if the amounts reserved are necessary, reasonable and in compliance with statutory requirements. To the extent that they are not, transfers should be made to the unassigned fund balance or to other reserves as established.

Information Technology

We reviewed the security measures and controls related to Information Technology of the District. With the heavy reliance on computer technology in today's business environment, this has become a very important area.

We recommend that the District consider contracting an independent source to test the network's vulnerability from outside intrusions as an additional security measure.

Budget Transfers

The matter of effecting budgetary transfers is of critical importance to the efficient management of a district's fiscal affairs. It is important to note that such transfer authority has its basis in Section 170.2(I) of Commissioner's Regulations. This authorization is limited to transfers between and within districtwide (ST-3) function unit appropriations for teachers' salaries and ordinary contingent expenses.

Since the adopted budget is, at best, an estimated expenditure plan, it is not unusual for conditions to arise whereby transfers between or among function/object categories are required to maintain fiscal balance. Appropriately, Section 170.2(I) of Commissioner's Regulations provides for such transfers and permits the Board of Education to facilitate the procedure by authorizing "the Chief School Officer to make transfers within the limits as established by the Board."

During our audit, we noted that budget transfers were not always made on a timely basis.

We recommend that budget transfers are made prior to the authorization to expend from these codes.

Interfund Receivables/Payables

During our audit, we noted that the interfund receivables were not reconciled with the interfund payables at year end.

We recommend that the interfund receivables and payables be reconciled monthly to ensure accuracy within these accounts and funds.

Reports to the Board

During our audit, we noted that monthly Treasurer's Reports were not always provided to the Board in a timely manner.

We recommend that all financial reports be provided to the Board on a monthly basis as required.

Books and Records

During our audit, we noted that the General Ledgers were not all currently posted.

The untimely posting of books and records delays the year end closing and ultimately the filing of year end reports. In addition, it delays the decision making process in order to make timely transfers and the balancing of the books and records to the Treasurer's Reports on a monthly basis. It also precludes the Board from getting accurate financial information for review.

Books and Records (Continued)

It is imperative that all fund transactions be posted in an accurate and timely manner to demonstrate proper fiscal responsibility and to have monthly reports prepared to monitor the activities of a particular fund.

To this end, we recommend that the Treasurer maintain the books and records in a current and accurate manner with the Business Administrator overseeing and reviewing the work performed.

Documentation of Invoice Processing

An important element of the auditor's function is to perform a proper evaluation of the existing system of internal control in order to determine the degree of reliance which may be placed on the system in performing the various auditing procedures. As part of our audit of the School District's financial statements, we reviewed, evaluated and tested the controls with respect to purchasing.

During our testing, we noted some instances where the invoice amount exceeded the Purchase Order amount. When this occurs, the Purchasing Agent is required to sign the Purchase Order authorizing the increase. We also noted some instances where the Purchase Order or Claim Form was not properly approved.

We recommend that each Purchase Order or Claim Form is completed and properly approved before payment.

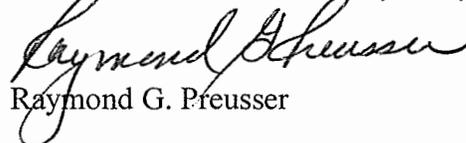

Report Filing

The annual audit report was not filed with the Commissioner of Education by October 15, as required by the Commissioner's Regulation 170.2 (R)

This communication is intended solely for the information and use of the Board of Education, management, the audit committee, the New York State Education Department and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

We would like to acknowledge the Business Office personnel for their courtesies received during the course of our audit.

Very truly yours,
RAYMOND G. PREUSSER, CPA, P.C.

Raymond G. Preusser
