## MISSION STATEMENT AND VISION

The Board of Education recognizes that to govern effectively, it must clearly define why the district exists and what it aspires to be. The Board therefore adopts the following mission statement to convey the district's purpose, and vision to set forth what the district should strive to become in the future.

### Mission Statement

The Hudson City School District, in partnership with our community, advances the intellectual, social and emotional development of all students to prepare them for college, career and citizenship.

### Vision

In collaboration with students, their families and the community, Hudson schools will develop and implement a rigorous, coherent, inquiry-based curriculum delivered in a safe, inclusive and supportive environment. Students will become creative, intellectually curious life-long learners.

### Review

The Board recognizes that while the vision is intended to be a long-range statement of the ideal future for the district, it requires regular evaluation. Accordingly, the Board will review the vision statement when developing the district's goals.
