## MISSION STATEMENT AND VISION

The Board of Education recognizes that to govern effectively, it must clearly define why the district exists and what it aspires to be. The Board therefore adopts the following mission statement to convey the district's purpose, and vision to set forth what the district should strive to become in the future.

### Mission Statement

We embrace all students and inspire them to achieve their personal best as bluehawks and beyond.

### Vision

We create an inclusive learning environment that honors the many passions, cultures and talents of our students. As students, staff and community, we commit to learning, exploring and achieving together.

### Review

The Board recognizes that while the vision is intended to be a long-range statement of the ideal future for the district, it requires regular evaluation. Accordingly, the Board will review the vision statement when developing the district's goals.
