

## Scan an Item Using the Eligible Expense Scanner

1. Tap the **Eligible Expense Scanner** link on the **Home** page in the Mobile App.
2. If this is the first time a consumer is using the Eligible Expense Scanner, the consumer must accept the one-time SIGIS end-user license agreement (EULA) by selecting the **I have read, understand and agree to the information and terms above** checkbox. The agreement must be viewed in its entirety. This agreement can be viewed at any time in the **Documents** section in the Mobile App.
3. Scan a product by centering the barcode within the red guidelines on the device screen.

4. The app will return one of six response screens (see below).

**Note:** Consumers are limited to 100 bar scans per month. After the consumer reaches the limit of 100 for a given month, a message is displayed the next time the consumer attempts to scan a bar code.

## Eligible Expense Scanner Response

The following are the six possible responses a consumer could receive when scanning a barcode. This text is not configurable.
