

PENNYMAN'S PEN

ISSUE 30 | APRIL 4, 2025

Welcome to Superintendent Dr. Juliette Pennyman's bi-weekly update for the community: Pennyman's Pen!

Seussical Kids and Annie Were Both a Success!

At the end of March, the Hudson Junior/Senior High School Drama Club presented "Annie" and the MCSES After School Drama Club presented "Seussical Kids" to a crowded audience consisting of Hudson families, community members, students, staff, and faculty!

Both shows were very well received, and the District is extremely proud of our students! Great job! I was lucky to see both shows.

SHS Student Accepted to Three Universities

Hudson SHS Senior Halimah Hotbani was able to secure outstanding financial aid packages covering the full cost of attendance at Cornell University, Hamilton College, and St. Lawrence University! This is outstanding in terms of the financial aid packages covering the total costs of attendance. They've recognized her perseverance, character, and integrity. Thanks to Mrs. Wheeler and Mr. Mufti, who worked with Halimah with her college essay, which covered difficult circumstances and the adversity that can be associated with culture, self-reflection, as well as the positivity of self-reflection. Let's give a "shout out" to all of the teachers, staff, and adults who have supported Halimah and encouraged her along her journey.
