Important Note: This guide and contact sheet were put together so the community may contact the person most knowledgeable and directly related to their concerns or questions. When looking for assistance please start at level 1 and move up through the levels if that person is unable to provide you with the assistance you need. The Board of Education will become involved, if necessary, in the final stage of the process. The Board may be contacted via the District Clerk at (518) 828-4360 ext. 2101 or hcsdboardclerk@hudsoncsd.org. It is the primary responsibility of the Board of Education to set policies for the school district. While individual Board members listen to concerns, they can only act as an entire body when conducting business at official Board of Education meetings. The superintendent and administrative staff are legally authorized to manage the school district and put into action the policies and decisions of the Board of Education.
